

AASHA FURNITURE

Company Profile & Business Context

Controlled test-business document. Aasha Furniture is a synthetic business profile created for Agent Flux end-to-end verification. Product, customer, tax-registration, bank, contact and transaction identifiers in this package are test data and must not be treated as real-world credentials or legal records.

1. Business identity

Aasha Furniture is a furniture retail, custom-furniture and light-manufacturing business serving residential and small commercial customers in Tamil Nadu.

Field	Value
Legal/test name	Aasha Furniture
Business model	Retail + made-to-order furniture
Primary market	Residential customers and small offices
Primary operating location	Coimbatore, Tamil Nadu, India
Working days	Monday–Saturday
Business hours	09:00–18:00 IST
Currency	INR
Default language	English; Tamil customer communication may be used when requested

2. Departments and responsibilities

Department	Primary responsibility
Sales	Enquiries, customer qualification, quotations and customer communication
Finance	Invoices, payment reconciliation, credit checks and refunds
Operations	Production scheduling, quality checks, delivery and installation
Owner/Management	High-value approvals, exceptions and governance decisions

3. Core business lifecycle

Enquiry → Qualification → Quotation → Approval (when required) → Customer acceptance → Order → Advance payment → Production → Quality check → Balance payment → Delivery/installation → Completion.

4. System-of-record principles

Customer, enquiry, order, invoice, payment and approval identifiers must remain traceable across the full lifecycle.

Google Sheets is the operational test register; Google Drive is the document repository; Gmail is the communication channel. Agent Flux must preserve the business and record identifiers when synchronizing.
